Brief Description of Training Programs -

To promote participation of women in Vocational Skill Training, DGT has launched Women's Vocational Training program i.e. Craftsmen Training Scheme (CTS) which is operational since inception in 1977, under which National Skill Training Institute (Women) were established to generate Women Employment in the industry as Semi Skilled / Skilled & Highly Skilled Workforce

Brief Description or opportunities in offered Training Programs --

1. Architectural Draughtsmanship:

(Engineering Trade-2 year duration- NSQF Level 5)

Architectural draftsmen create technical drawings from the designs of architects and engineers on computers.

Construction sector is one which involves planning and execution of designed buildings.

Architectural/Construction firms well established by Architects are very much present in Telangana State. Many Government Departmental agencies like PWD, Housing Board, Development Authorities, Town Planning Departments are present where Architectural Draughtsman can find different opportunities.

2. IOT Smart Agriculture:

(Non-Engineering Trade- 1 year duration-NSQF- Level 4)

The student after this one year training program should perform, operate and identify different IOT enabled system/application in agricultural field, such as Precision Farming, Livestock Monitoring, Agricultural Drones etc. May help farmers to maximize yields using minimal resources such as water, fertilizer and seeds and will be able to select various types of sensors as per requirement for Smart Agriculture.

3. Soil Testing and Crop Technician :

(Non-Engineering Trade- 1 year duration-NSQF Level 4)

Students are fit for Job roles as Assistant in Soil Testing Labs, Consultant for crops & crop disease management

4. Secretarial Practice (English) :

(Non-Engineering Trade- 1 year duration-NSQF Level 4)

The job positions available are private secretary, personal assistant, office assistant, executive assistant, front office manager, receptionist, computer operator, and more.

5. Data Entry Operator :

(Non-Engineering Trade- 6 months duration-NSQF Level 4)

Are offered job opportunities in office, accounts, data processing centres. Due to computerization in all aspects of life, input & process of large volume of data in limited time is required, trainees have large opportunities in this field.

Output : Students become eligible for different Job Roles in concerned industry. They may go further for CITS level courses that is essential for ITI instructor qualification.
